Message:

I am a native Texan from a family who has lived in Texas for many generations. I am writing to OPPOSE the midterm redistricting that is being pushed by Gov Abbott and Donald Trump.

Every Texan deserves a voice in government regardless of their party affiliation and Texas has had a long history of bipartisan efforts that benefited all Texans. This effort would effectively disenfranchise millions of Texans. Donald Trump has is only pushing this to benefit himself, not Texans, who would be individually and collectively harmed.

I strongly urge you to oppose and reject these misguided redistricting efforts.

Sincerely,

Thomas Cook
