Message:

I applaud the walk out by the 50 Texas Democratic lawmakers and breaking quorum.

What is sad and appalling is that the "yes" man Texas governor is wanting to fulfill the habitual lying trump's desire by the passage of the controversial new redistricting map. Let's hope all these moves by the republicans will backfire and create a fair playing field for all Texans.

I just don't understand the reasoning displayed by a disabled governor married to a Hispanic women, where's the apathy? And then you have Ken Paxton, where his former wife finally woke up to Paxton's lies.

I have been around, seen and read about some of these elected politicians that choose to keep their office over the wellbeing of their constituents. So sad, how do they live knowing what they are doing.

I am an older Hispanic American, great grandfather, disabled Viet Nam Veteran, retired Civil Service (31 years) from Ft Bliss, and now a small business owner performing 100% of our work for the Federal government at Ft Bliss, the VA and Home Land Security.
