Message:
Hello members of the Senate Special Committee,

I felt compelled to publicly voice my strong disapproval for these redistricting efforts. Texans showed how community should function by coming together on behalf of the victims of the flooding in Central Texas, but choosing to use a special session to redraw congressional districts to favor Republicans would be a demonstration of the toxic partisanship that has riddled government for too long. It would prove that Governor Abbott and the Republicans of this current Texas Congress don't care about actually representing the constituency they're supposed to serve, but instead are more concerned with doing the bidding of a would-be tyrant who knows the voting public is waking up to the fact that his agenda is only self-serving for him and his billionaire friends. Texas voters will remember this moment come 2026. I implore you to do the right thing by Texas citizens and for this democratic republic. Don't go through with these underhanded mid-decade redistricting plans.

Thank you for your time.
