Message:

Dear senators and committee members, I am contacting you concerning the very disturbing attempts to redistrict the state we've been learning about over these last weeks.

Besides unjustly disenfranchising thousands of voters across the state, this will open a Pandora's box of extreme gerrymandering across the country. California and other states are already preparing to respond in kind if this passes.

In Texas we say we care deeply about protecting legitimate and fair elections, but we cannot have a real democracy when representatives are choosing their voters instead of having voters choose their representatives.

Gerrymandering needs to be made illegal in all instances - not spread even further.

This is how democracy is dismantled bit by bit.

We urge you to do the right thing and choose to stand by the Texans you've been elected to serve and represent, instead of caving to external pressures by this administration.

We urge you to vote against the
passage of these unfair and
discriminatory maps.
Thank you!
