Message:
This proposal is egregious and clearly has nothing to do with better representing Texans. It is being done at the expense of democracy in our great State. We know that redistricting is to be done every ten years in order to adjust for updated Census numbers. That the Governor and elected State officials would attempt this now, when we have a myriad of other more pressing issues, is deeply concerning and disappointing. Texans deserve representatives who will advance the will of their constituents. We deserve free and fair elections. This map is a disgrace and we do not support it in any way whatsoever.
