Message:

Your vote to press this redistricting on the people of Texas, and at the bidding of the US President, is one more step in tearing down democracy in the US.

I am disappointed that so many Republican Senators and Representatives seem to be doing Trump's and Abbot's bidding instead of what is right and good for the citizens of Texas. Gerrymandering by the party in power is always wrong in my opinion --and certainly not in the middle of the 10 year time period. I would prefer Texas adopt a method whereby a non political group does the redistricting.
