Affirm public info: I agree

Regarding: Congressional

Message:

Committee Members, I am writing to express my grave concern regarding your efforts to redistrict our state, yet again, in this current decade. We, the people, vote for you to represent our interests, our concerns, and our advocacy - not the president's. I appeal to you to consider your why once again - why did you enter public service? Was it to capitulate to a party who has sworn their allegiance to a person? Was it to exercise your own right to life, liberty, and the pursuit of happiness and lead the people through to the dreams set out by the founding fathers? Please, remember that former you. Remember that you are not here to wait at the hand and foot a person who's hungry for power. Remember that true power is found with the people - not over the people. Do not go through with this - work out the consequences of our previous redistricting and come back to the people - show us and tell us why we should keep voting for you and your party. Do not take this decision away from us. Sincerely, Alexia Neill.
