Message:

I strongly oppose the unconstitutional and illegal redistricting efforts taking place in Texas. These maps do not reflect the will or diversity of our population, and they dilute the voting power of communities of color—especially Black, Latino, and Asian American Texans—despite their significant role in the state’s population growth.

Fair redistricting should be transparent, data-driven, and community-centered—not politically manipulated to secure power. Gerrymandering undermines our democracy, silences voices, and erodes public trust in the electoral system. Every Texan deserves to have their vote count equally and their community fairly represented.

I urge the Committee to reject any maps or plans that fail to meet the requirements of the Voting Rights Act and the U.S. Constitution. We must draw districts that reflect the people, not just protect incumbents or partisan interests.

Do the right thing—uphold democracy, protect voting rights, and ensure fair representation for all Texans.
