Message:

My name is Barbara Hankinson. I am a family physician in Plano, represented in US Congressional District 32. The President is now demanding that our Texas House and Senate redraw mid-decade Congressional districts to "pick up five additional seats" in the US House. He is not even trying to hide his shameful request, and so far it appears that Texas Republicans have demonstrated their willingness to go along by rushing through the redistricting process, limiting public testimony, failing to publicize potential maps early enough to get public feedback, failing to allow maps redrawn in 2021 to get through the legal process under which they are still pending, and purposefully drowning out voices of black and brown voters whose views for the most part are not represented by Republican Electeds. Such actions are reprehensible. I am asking the Texas Senate to produce and pass maps that fairly represent the voices of all voters. Thank you.
