Message:

My name is Beans Yimpa and I'm twenty-three years old. (<https://linktr.ee/Beans0934>)

I'm a fifth generation Mexican American.

I was born and raised here in Texas

And I'm here to say NO to redistricting.

The Republican Party has shown time and time again they would sell us out in a heartbeat.

Slashing funding for education, slashing funding to food stamps, slashing funding to Medicare which millions of Americans use.

Not to also forget and mention

That under republicans our natural disaster funding was also slashed. Which lead to the death of 135 Texans. This isn't including the death toll across the state regarding the flooding. 160 Texans are still missing. Republicans though however do have 450 million dollars to send on alligator Alcatraz.

Here's a historical fact. Back in Jim Crow era they used to feed black babies as bait to alligators. They're sending a very dark and personal message.

Republicans and Donald Trump think they can bully Americans into submission. Donald America has defeated Nazis before and we will do it again.

We are sending a clear message to Donald and his gang of crooks that we are not afraid of you!

Donald Trump is so threatened by my generation he even targets our most vulnerable in our communities

Our hard working and kind friends.

Immigrants who come to this land for better opportunities, majority of them don't even have a felony unlike Trump. They're hard working, kind, respectful and honest people. Selfless, people. Who would give their own clothes off their back for you.

My Queer friends and family

Good people who love and respect everyone.
Donald Trump is so afraid of us
That he even targets those are struggling with mental
health and has cut the suicide prevention line.
Even at our weakest we stand strong.
Billions of families across America that will be effected
drastically that not only are they dying all across
America
Families all across America
who are already struggling to survive due to poverty
Will also be dying, amongst those who lost their
Medicaid.
Just for reference
71 Million Americans across America are on Medicaid
Majority are children, mothers, elderly, and those who
are disabled.
41 million Americans are on food stamps
Majority of it being families all across America.
Trump just like Hitler has created a starvation plan for
Americans.
Promising to bring prices down.
The only thing he's doing is letting the constitution
down.
He's a pathetic excuse for a president let alone a
supposed man.
Greg Abbott has failed Texans (Greg abbot had also
voted no to free summer lunch for kids. Youre a real
piece of filth greg stop picking fights with children. Pick
a fight with Trump you filthy traitor) free Palestine, free
Sudan, free the Congos free every oppressed nation
And we will vote you out and get those three seats.
Si Puedes !
Yes we can!
