Message:

Please do not redistrict El Paso in a deliberate intent to alter our representation. Donald Trump has no right to demand this and his demand should not be considered. Our State Legislature should not attach any weight to that request. We have a uniquely challenged region and have a unique perspective that should be honored.

Keep the legislative focus on the grave violations to our Constitution, human rights, and other critical threats to Americans that seem to be casually taking place at the State and Federal levels. Time spent on this further distracts our elected officials from these much more important matters.
