Message:

I'm writing to voice my strong objections to the redistricting plan now being considered during the special legislative session called by Gov. Abbott. The reason for the proposed redistricting plan, as I understand it, is to further entrench GOP power in an already deep red state. I see this as nothing more than a power grab that will result in the further erosion of civil rights. To be clear, I'm opposed to gerrymandering by EITHER party; however, current maps are already heavily gerrymandered in GOP favor. As my elected representative I ask you to stand up for everyone you represent and urge your fellow lawmakers to do the same. If you must redraw the maps, please make them FAIR. Thank you.
