Message:

Texans have the right to fair and equal representation that is achieved through a thoughtful, transparent redistricting process that allows meaningful public input. I certainly don't believe that the maps we have today perfectly comply with the Voting Rights Act of 1965 but I also do not believe that a rushed special session will deliver improved maps. This is a blatantly racist attempt to engage in further racial gerrymandering to deliver votes to Donald Trump. I urge the committee to listen to the Texans who oppose redistricting during this special session and stand up to the bully in the White House.
