Message:

As a constituent of the great state of Texas, I cannot in good conscience support the redistricting effort. Our state saw redistricting 4 years ago and to attempt another before the 10 year census requirement is and egregious affront to the integrity of our voting system. This will only compound the lack of representation we currently face considering the 18th district of Houston and it's 800,000 citizens are STILL without a representative. Doing this will further disenfranchise Democratic voters which offends the idea that ALL people deserve representation in government. I strongly urge you to reconsider. Win elections based on honor, honesty, integrity and substantive and equitable policy or don't run for office but don't subject us to incompetence for the sake of stroking your ego any longer.
