Message:

Redistricting should not be the priority of this special session. Addressing the needs of the Texans affected by the recent deadly flooding in Kerr, Travis, Williamson, and surrounding counties should be the only thing this legislative body is talking about. Mid-decade redistricting is unprecedented and the members of this body just passed a map that they were all happy with a few years ago. This redistricting is a waste of Texans time and tax dollars and is a clear attempt to grab power and silence Texans' voices. We will lose representation with this gerrymandering which we are barely getting with the current maps. Please, look inside of yourselves and see you are doing the bidding of a wannabe dictator with Greg Abbott being complicit. TAKE CARE OF TEXANS. That is your job. Start doing it. Stop with this nonsense that does not help anyone but the people in power and billionaires. Seriously, what are yall even thinking?!?!
