Regarding: Congressional

Message:

This state is already heavily gerrymandered, it is unconscionable that this state would make itself even less democratic through additional Republican gerrymandering. Additionally it's insane that this is being done because Trump wants it. He is not a Texan. He's very unpopular. And he thinks himself a king. Maps should only be redrawn after the census once a decade. I do not support this special session redrawing the maps.
