Message:

I am opposed to this redistricting effort. The Texas Legislature should focus on establishing the necessary regulations and support to prevent the horrific flooding and deaths which just occurred in Central Texas. In this short special session which is taking place, we should not be wasting efforts on redistricting but rather putting all resources on the solutions needed to prevent disaster and deaths from flooding.

There is no justification for this congressional redistricting. It is unnecessary, confusing to voters and will cause the state to waste time and money during the special session – only to later waste more time and money in litigation over whatever maps are proposed. Please stop this pointless work.
