Organization: Self  
Address: [REDACTED]  
City: Euless  
State: Texas  
Zipcode: [REDACTED]  
Phone: [REDACTED]

Affirm public info: I agree

Regarding: Congressional

Message:

I am formally writing to oppose the redistricting proposal put forth for approval by the Senate Special Committee on Congressional Redistricting.

It is blatant gerrymandering and negates the opinions of 40 + percent of the Texas population. Those voting for this redistricting should be ashamed of their obvious lack of integrity in representing the will of the people. Subverting Democrat and other points of view to bow to the authority of a corrupt president is a reprehensible move.

Consider this from someone who is neither more white than Hispanic . This is not an ethnic or racial issue for me. This is a squashing of any sort of voice that I have in government. I am of both Irish and Mexican descent in equal measures and 100% Texan. My and other voices deserve to be respected and not be ignored because of “white panic “ that has spread across our nation. If you do not understand the concept of “white panic” I invite you to read the articles in the Chicago Law Review on this topic. Resources and time should be spent figuring out how to put effective warning systems in place on the Guadalupe River and how to help Texans affected by the July 4th tragedy rather than using this as an opportunity to deceitfully claim that the redistricting will better represent our great state or is helpful to any of the current issue that affects our state.

Thank you for your time,  
Criselda de la Torre
