Message:

As a citizen of Texas, I very strongly oppose any redistricting of Texas for the purpose of favoring any one party over the other. Every Texan regardless of where they live, deserves to have their voice heard. Our representatives are supposed to serve us, not the other way around. It is our right as citizens to elect officials who reflect our ideals, share our morals, and represent our ideologies. If these representatives cannot align themselves with the needs and desires of the public which they serve, then those elected officials need to remove themselves from the occupation of public service, and NOT redraw district lines to prevent the public from voting them out. This is blatant gerrymandering. We the people give them the power, not the other way around. Residents of this state will NOT stand for this. It's unethical and it is un-American.
