Message:

District lines must not be established with political party make-up in mind. An independent committee, made up of equal numbers of

Republican, Democratic and Independent party members, should be tasked with the redistricting process. All Texas citizens deserve to

have a redistricting process that is fair, transparent, and results in equal representation for all, not this rushed and deeply flawed

process. All Texas citizens have the right to fair and equal representation that is achieved through a thoughtful, transparent process

that allows meaningful public input. Lawmakers should have the necessary information to create legally compliant district maps, protect

minority voting rights, and respect county lines, city boundaries, and communities of interest. A rushed 30-day special session packed

with unrelated agenda items is not the way to achieve this.
