Message:

Why is our new Administration, attempting to destroy and suppress and down trod the voting power of Black and Brown communities, is directing the Texas Legislature to redraw congressional districts in our region. Trump aims to undermine the upcoming 2026 Election by creating a targeted hit list of congressional districts in minority communities to dilute their voting power.

Congressional Districts 9, 18, and 29 are located in historically minority and marginalized communities with a rich history. The new administration and our Texas government knows this is not fair; as they trying to manipulate the system to steal it! This isn't redistricting time according to census. It's RIG-DISTRICTING and it's disrespectful to every single Black and Brown citizen in Texas. I need your help to stop Trump's attempt to steal the upcoming election. Texas Senate Congressional Redistricting Committee will be having a hearing to discuss re-drawing the lines in congressional districts in the Harris County Region. I letting my voice heard as I am against this attempt to gerrymander Texas further to dilute the voting power of Black and Brown communities. I thank you for your support and leadership.
