Message:

I have serious concerns as a Texas citizen and voter that you seem thus far to be prioritizing the interests of unrelated, big-government actors, over the needs of your citizens who require aid after the recent floods. The maps are due for redistricting every 10 years. No member of Texas' government was willing to redraw early until interference from outside of the state. As an active voter, I am watching the behavior, excuses, and silence of those who would rather kneel to the federal government over representing their people, and I will remember it come election season. Likewise, I will absolutely note those with the integrity and dedication to those they represent, who are willing to stand up to this gross federal overreach into our state politics.
