Message:

The focus of this special session should be flood and disaster relief, warning, and preparedness. Anything other than remedying the situation that cost the lives of men, women, and children is unacceptable. The fire time that goes on before this is remedied the more blood of theirs rests on your hands from casual indifference, politicking, and dishonor. You work for the people of Texas, not the governor and not the president. Do your actual jobs as public servants or leave so someone else will, I don't care which. I hope you feel the shame and disappoint of your family from your cowardice and dishonor.
