Message:

I am writing to you as a concerned constituent and voter in the State of Texas to express my strong opposition to any further attempts at partisan redistricting and gerrymandering within our state.

Texas has a long and troubling history of manipulating electoral district boundaries to favor certain political parties and suppress the voting power of communities—particularly communities of color. This practice undermines the fundamental principle of representative democracy and erodes public trust in our elections.

Gerrymandering dilutes the power of the individual vote and allows elected officials to choose their voters, rather than allowing voters to choose their representatives. This has led to increasingly polarized politics, decreased competitiveness in elections, and a legislature that often does not reflect the will or the diversity of our population.

I urge you to advocate for and support a fair, transparent, and independent redistricting process. The drawing of legislative districts should be guided by nonpartisan criteria that prioritize community integrity, equal representation, and compliance with the Voting Rights Act—not political gain.

Please remember: public service requires a commitment to upholding democratic principles above party interests. Texans deserve a system where every vote counts equally and every community has a voice.

Thank you for your time and attention to this matter. I look forward to your leadership in defending the integrity of our electoral system.
