Message:

It's disheartening that we find ourselves in this position. Our state senators and representatives are elected to represent ALL of the people of Texas. That representation should be fair and should reflect the people in that district so that ALL voices can be heard.

The directive of the president to redistrict for the sole purpose of gaining 5 republican seats in the midterm elections is wrong. I know it's wrong. You know it's wrong. Everybody knows it's wrong. Intentionally silencing the voices of Black, Latino, and other communities of color is unethical and it threatens the integrity of our democracy.

Redistricting should not be used to rig future elections. Everyone in this state has a voice and a right to be heard. If you silence our voices by changing the voting maps you will betray the very heart of our great state. This isn't winning because if you win this way, we all lose. It's time for our state senators and representatives to do the right thing and stand up for ALL Texans. We deserve better!
