Message:

To the Senate Special Committee on Congressional redistricting:

With each election cycle it becomes more and more difficult for me to figure how where to vote and who to vote for, as I "move" from one district to another! This is becoming INSANE.

I urge the Committee to:

- A) Oppose any mid-decade redistricting—especially while the current maps are still being challenged in court.
- B) Prevent communities of color from being deliberately divided, thereby weakening their political voice. (Texas has a long history of racial gerrymandering and discriminatory voting practices.)

I deserve to have a redistricting process that is fair, transparent, and results in fair representation for all, NOT this rushed and deeply flawed process.
