Mid-decade redistricting is going to not only affect Texans, but millions across the nation. Our governor has bowed down to Trump to grant his wishes, so that he can overturn our democracy. Sadly, this isn't the first time this has happened since 2003. We lost several democratic districts, and again in 2013. Abbott is a wannabe dictator, just like Trump. Our state has been getting hit on both sides of this. Not only are we battling a national takeover, but the one here as well. Our representatives have turned their back on us. If this isn't stopped, we are going to see this ripple throughout the rest of the country. It's disheartening that other states gerrymandering republicans out of their states is the only way to offset the damage that will be done. Texans have no say in this, it's all on our democratic representatives to do the work to stop this. The GOP must be stopped and held accountable for their actions. They are okay with letting children die in order to please Trump. This is anti-American and anti-Texan. HEB has helped flood victims more than the government has recently. It's sad we have to rely on a grocery store for flood relief. This is not okay. It must be stopped, or our democracy will dwindle away.
