Members of the House Select Committee,

As a concerned constituent, I am writing to STRONGLY OPPOSE the call for mid-Census redistricting. Redistricting must be rooted in accurate population data, conducted transparently, and shaped by public input, not crafted behind closed doors to dilute the voices of voters in the state of Texas. As an elected official entrusted with representing the people of Texas, I urge you to reject this call to redraw districts outside of the typical 10-year cycle.

Thank you for your consideration.
