Message:

I am writing as a concerned constituent to urge you to the redrawing of Texas Congressional Districts 18, 29, and 9. These proposed changes would significantly weaken the political voice and representation of African American and Hispanic communities in our state including but not limited to Section 2 of the Voting Rights Act which prohibits election and voting practices that disadvantage minority groups, including drawing boundaries that dilute their ability to elect their preferred candidate by packing them into a single district or dispersing throughout multiple.

Fair representation is the cornerstone of our democracy. Redistricting should reflect population changes, not undermine communities of color or dilute their voting power. I respectfully ask that you stand against any redistricting plans that would marginalize these communities and instead advocate for a transparent, equitable process that protects the rights of all Texans.

Thank you for your attention to this critical issue.

Sincerely,
