Senators -

I oppose redrawing congressional districts in the middle of the decade. This is a blatant power grab that hurts Texans and undermines democracy. It clearly shows that it's not the will of the people you are respecting, but the whims of a despot.

Redistricting should follow census data, not partisan party politics.

Please reject this plan and focus on real issues--like lowering costs, protecting communities, and strengthening individual rights and democracy.

Texans deserve fair maps and fair elections.

Texans deserve representatives that earn their votes by serving the people well and honestly.

Texans do not deserve--and will replace--representatives who try to steal seats to serve the powerful.

Texans will see very clearly the representatives who show their hand--the ones who support redistricting because that they are aware they can't win an election on their own merits.

The ones who know that unless they try to rig the game, Texan citizens will hold them accountable for failing to actually represent them or uphold the Constitution, and will vote them out.
