Message:

Why are our Texas congress people even considering Trump's demand for redistricting? We did not elect these officials to work for Trump! They work for the people who elected them. There are many more important issues facing our state at this time and my family, all native Texans, cannot believe our state is even giving Trump the time much less the consideration of his stupid demand. If you observe DJT, it's clear he does not care about our best interests. It's also clear that We the People need to overhaul our state government as soon as we can and then go after the national government. This great nation was built carefully by our founders and now our leaders and some of their supporters are disregarding our Constitution, acting like bullies and children with no concept of real debate or compromise, and not showing empathy for our fellow human beings. Frankly disgraceful and embarrassing. Do not consider Trumps demand!!
