Message:

Making redrawing district lines a priority when your constituents are dying is exactly what I've come to expect from your party. You are no longer the party of small government and personal liberty. You're the lackeys of a wannabe be dictator and none of you have a shred of backbone to stand up for decency or integrity. If you redraw these lines to secure more power for that tyrant in the White House then you better hope and pray you are not ousted when more people are drowning under your taxes, idiotic spending, and literal flood waters. All of which are preventable and should be prevented if any of you cared about the people you claim to represent.
