Message:

I am opposed to any attempt to redraw the Congressional districts in Texas before the 2026 Congressional elections. This is a blatant attempt to take away the representation of thousands of Texans and shift the balance of power towards one party and away from another. Texas should not allow one man, who is not even from the state of Texas to decide what Texas should do with its Congressional districts. Texas should only redistrict every ten years, after the ten year Census. Any other redistricting is unAmerican, undemocratic, unfair, and just wrong.

The motto of our country is E Pluribus Unum - Out of Many, One. The motto of Texas is Friendship. We must remember these and live up to them. You represent many people, with many different views and beliefs, in your districts and across the state. Please, please, please put aside all the differences and come together to do what is just and right. Otherwise, the course we are headed down is a dark and dangerous one. Texas can and should lead us out of the darkness, not further into it.
