Regarding: Congressional

Message:

Dear State Senators,

I am writing in opposition to arbitrary, mid-period redistricting with the express purpose of producing more votes for Republicans in the mid-term elections.

Our leaders need to put the brakes on unethical, dirty-dealing which attempts to put a stranglehold on the free exercise of the vote and the ability of all voters to have their voices heard in elections.

Please put an end to this effort to gerrymander which is taking away the voice of the people.

Texas is a great state but its reputation becomes more and more tarnished on the national and world stage by its severely right-wing deeds.

Please do the right thing and dispense with this plan to redistrict in 2025.

Humbly

Juanita Milam, Texas resident since 1980.
