Message:

I submitted written testimony prior to Saturday's 10 am meeting (7/26/25) in the Senate on redistricting. But the form would not allow me to submit my exhibit to the Senate committee members. So please add my attached PDF exhibit file on the 2020 census boundaries for District 6 to my testimony that I submitted the other day. Please ensure that all committee members receive so they can add it to my previously submitted written testimony. Thank you.—KG Karpf
