Message:

As a registered Republican in Harris County, I write to vigorously object to the proposal to redistrict Congressional districts. This is an every 10 year process which should be done after the census to reflect changing population statistics. This is, in my opinion, a huge overreach of a president that has shown no regard for custom, and often, no regard for the law. It is an undisguised effort to disenfranchise minority voters and should be opposed by all voters who value our Constitution and our rule of law. Unfortunately, our state leaders seem to be unwilling to stand up to Trump and his administration. Irreparable harm has been done to the traditional core values of this country by the Republican Party, and I think there will be serious repercussions. I am opposed to off year redistricting and get on to the important issues that face the Texas legislature.
