Message:

Stop this insanity. The efforts at mid-decade redistricting are unnecessary, confusing and expensive. The blatant objective to create 5 more Republican districts is embarrassing. The country is watching. Don't cater to Trump/Abbott.

Texans all deserve representation. Racial discrimination is at the heart of current efforts. The 2021 maps are still in litigation! Don't create chaos. We need independent bipartisan commissions drawing up districts. With input and oversight. The expensive special session was intended to develop plans of flood preparedness and prevention and assist flood victims. This gerrymandering BS is a shameful diversion.

Get back to work on flood and disaster issues then go home.
