Message:

My name is Kristen Wicke and I'm representing myself as a lifelong citizen of Texas. I am strongly opposed to redistricting at this time. There is no evidence for how this redistricting process would improve citizens equality of representation. This is not a citizen led request for redistricting. It is an attempt for republicans to win more seats without regard for the people that live in this area. It is an attempt to rig electoral maps. The Texas Congress should be focused on recovering from flood disaster, access to health care including Medicaid, and education funding. I ask that the legislature spend time on other issues. Don't get distracted from the important work of representing the needs of your constituents!
