Affirm public info: I agree

Regarding: Congressional

Message:

I am writing to express my concern about the redrawing of congressional maps targeting historically Black and Brown congressional districts. This mid-decade redistricting is an unusual activity as this takes place every 10 years after census. Furthermore, this expedited approach of the process does not provide sufficient opportunity for Texans' voices and/or concerns to be heard in person. Also, this has implications for the mid-term and 2026 elections. I am not in agreement with this action of gerrymandering and would appreciate you advocating as the representatives for all Texans during this special session; specifically that this is not okay and that, we as Texans should have the ability to vote for our candidate of choice, as we always have. We have fought too hard to have to be marginalized by unfair maps designed to entrench political power rather than reflect and advocate for the will of the people. All your efforts to stop this district-controlling agenda are greatly appreciated in advance.

Highly Concerned Texan,

L. Williams
