Message:

I'm a native Dallasite and COMPLETELY oppose any redistricting in and around the dfw metroplex, as well as anywhere else in Texas that may favor the Republican Party. Every Texan deserves to have their voices heard and properly represented and it's YOUR job to do that. Texans do not want even more gerrymandering to take place in this great state. Move forward with this foolish plan to artificially give the Republican Party in Texas more power, prepare for even more pushback and fights from the people you are supposed to be representing.
