Message:

Texas already redrew its congressional maps in 2021, but now Donald Trump and national Republicans are demanding a second redraw, not because of new Census data, but to protect their grip on power. This mid-decade redistricting is not normal. Lawmakers have 30 days to redraw the maps, with no requirement for transparency, public input, or fair representation. Texans deserve a process that is transparent and accessible. I am calling out this undemocratic attempt to cling to power and demand the legislature draw maps that are reflective of the diversity of our state.
