Message:

The current redistricting plan is a political maneuver that undermines my ability to have representation within the political system. As a US citizen I am guaranteed representation and that cannot happen until your committee actually accepts representation by population rather than the arbitrary maps that don't even make sense.

Texas is one of the most diverse and dynamic states in the union and your map undermines that integrity. You want people to move here, you must give them a voice.

I urge you to support independent redistricting committees. The people of Texas deserve representation in free and fair elections. This is a moral and constitutional issue.
