Message:

As a first generation Houstonian, I very strongly oppose any redistricting in and around my city, as well as anywhere in the great state of Texas that may favor the Republican Party. I am of the opinion that every Texan, regardless of where they live, deserves to have their voice heard and acknowledged. It is our right as citizens of this republic to elect officials who reflect our ideals, share our morals, and represent our ideologies. If these representatives cannot align themselves with the needs and desires of the public which they serve, then those elected officials need to remove themselves from the occupation of public service, and not redraw district lines making it so the public cannot simply vote them out. Residents of this state will NOT stand for this. It's unethical and un-American.
