Message:

I am writing to express my strong opposition to the use of gerrymandering in the congressional redistricting process. As a Texas resident, I believe that political districts should reflect the true makeup of our communities, not be drawn to favor one party or group over another.

Gerrymandering undermines our democracy. It silences voters, splits communities, and allows politicians to choose their voters instead of voters choosing their representatives. This practice erodes public trust in government. I urge the committee to reject any map that shows clear signs of partisan gerrymandering.

Texans deserve a redistricting process that is transparent, fair, and rooted in democratic values, not partisan manipulation. Please do the right thing and draw maps that serve the people, not political interests.

That man in office has already split the country with hate, if Texas allows this, then you are no better than him.
