No one but Donald Trump wants redistricting mid-decade; which, is illegal as hell. The Redistricting hearings are a dog and pony show designed to placate, they think, Texans. I promise you that if we go through with this illegal unconstitutional endeavor, 2 to 3 more states (already on record) will add 5 seats each for a total of 10-15 seats; Trump, who believes there will be no more elections, is not seeing past the American, and former MAGA base, public. We WILL have elections and he will NOT become the first dictator of the US; that was tried in the early 1900s and failed. DOJ is attempting to inject race into the mix; illegal and unconstitutional. Who was lying? Kindaid, GOP, on the 2021 redistricting maps or Trump? My money is on Trump. The State legislators and Abbott don't represent Trump, they represent Texans and would do well to remember that. NO to redistricting mid-decade. Yes to shutting down the dog and pony show. That dog won't hunt.
