Title: N/A

Organization: Self

Address: [REDACTED]

City: Port Arthur

State: TX

Zipcode: 77642

Phone: 4097490083

Affirm public info: I agree

Regarding: Congressional

Message:

I want to register my strong opposition to any new redistricting of the state of Texas. Customarily redistricting is only done during a census year. We know what's happening here. Donald Trump told Greg Abbott to do it and he rolled over. Texans deserve better than this. If Republicans cannot win on their policies, they should change their policies instead of engaging in voter suppression. Redistricting may be legal, but it is highly unethical, especially when it is being done only to please a would-be dictator. The focus now should be on the people of Texas, flood relief, medical care, education and all the other things we need so desperately to improve quality of life. It is shameful that redistricting is even being discussed. Is there no integrity left in the Republican Party at all?  
Say NO to this blatant attempt to rig elections!
