Regarding: Congressional

Message:

Given that our Congressional districts were just redrawn in 2021, and are still under review in the courts, I believe that any redistricting at this point will be struck down as an illegal racial gerrymander. We should follow the current maps until and unless the courts rule otherwise.

In 2031, after the next census, the district maps should be drawn in such a way to keep communities together. My district, in Pflugerville, should be primarily made up of my neighbors, and not extend hundreds of miles out into the country.
