Message:

The redistricting maps that have been recommended hurt the people of Texas by not providing fair and equitable representation. It doesn't make any sense for people in Austin to also be in the same district as those in Odessa. These are different places with different needs from their representatives to fight for. This is clearly an attempt by the GOP to silence their opponents. Allowing further gerrymandering to rig elections in favor of one party over another is not democracy. As a 6th generation Texan, I beg of you to please not make these changes to our representative areas.
