Affirm public info: I agree

Regarding: Congressional

Message:  
To the Redistricting Committee,

I am writing to express my deep opposition to the redistricting maps currently under consideration. These maps are not neutral they are clearly drawn to serve a political agenda and disenfranchise working class, Black, brown, and immigrant communities who have every right to fair representation.

We are not fooled. We know this is part of a broader strategy influenced by Donald Trump and his allies an attempt to manipulate district lines in order to cling to power and silence dissent. This is the same playbook we've seen across the country: undermine democracy, suppress votes, and redraw maps to serve partisan interests rather than the people.

But let this be clear: the people are watching, and we are not going to forget. We will show up, speak out, and vote out anyone complicit in this power grab. If you move forward with these maps, you are making a choice one that will be remembered at the ballot box.

We demand a redistricting process that is fair, transparent, and representative of every community not just the ones that serve a particular party or agenda. Democracy only works when it includes all of us.

Sincerely,

Olga Carrera  
El Paso TX
