Message:

Redistricting NOW without current census is a move to create a one party state, like China and Russia. Our Constitution states a government of the people by the people NOY by the party for the party. Texas is far more diversified than the Republican Party is diversified. Yes Rep have the majority, and the still are responsible for fairness to the people under their charge. I do not support a move to a one party state. Big issues like this, abortion, marijuana, vouchers need citizens votes per item, not one politicians vote for all of their constituents. Thank you for this opportunity.
